

ACLU PEOPLE POWER CHAPTER

MIDLANDS PEOPLE POWER

Midlands People Power is a youth based coalition looking to create social change in their communities! Midlands People Power is based on the morals and goals of the national ACLU People Power organization and plans to extend those goals in every sector of their environment. Student-Based, (MPP) is entirely ran through the eyes of voices of the most underrepresented demographic in activism, the youth.

Started by two activists located here in the Midlands Area, Vanessa and Cerrin, Midlands People Power wants to amplify student activism in Columbia and surrounding areas.

Since we are student run and based, the trajectory of our chapter is made by YOU! What you believe our world should look like, what you believe needs to change and what you believe is needed to make the world a better place for generations to come!

This year will be filled with roundtables talks, advocacy sessions, leadership development and ways we can implement our goals in our community.

Midlands People Power is looking for high schoolers who are ready to take the next step and start to change the world for the better.

Generally, we will have monthly meetings where will convene and talk about our goals and events coming up that month.

However, for specific committees, we will have bi-weekly meetings over video chat software to keep our mobilization strong and impactful!

If your interested, fill out this form: [Interest Form](#) or email midlandspeoplepower@gmail.com and we will be in contact with you shortly!

Sincerely,

Vanessa and Cerrin

Co-founders of MPP
